

20 January 1955

Memorandum for:

STAT

1. Attached herewith is a copy of Senate Concurrent Resolution 2, to establish a Joint Committee on Central Intelligence, which was introduced on 14 January 1955 by Senator Mansfield and 32 co-sponsors.

2. There is also attached herewith a copy of House Concurrent Resolution 28, to establish a Joint Committee on Intelligence Matters. Sixteen identical resolutions (H. Con. Res. 28 - 43 inclusive) have been introduced on this subject in the House this year. However, unlike the Senate, the House does not allow co-sponsors on one resolution, and it is therefore necessary for each sponsor to introduce his own resolution, which accounts for the sixteen separate House bills.

Walter L. Pforzheimer
Legislative Counsel
